

To  
The Principal  
Delhi Public School  
Asansol.

Respected Sir,

As a parent whose ward Master Anyaroop Bose is studying in your school, perhaps it gives me a chance and opportunity to give appropriate and justified feedback about the school.

Delhi Public School, Asansol is the first school to bring quality CBSE education in the city. It has shown its academic excellence in last few years. As a parent I have seen significant development in my ward both academic wise and overall development.

The school has great potential to do wonderful things if it continues to perform like the current status.

A few years where more development can be done are the swimming facilities and bringing in more advanced technologies which I am sure the school must be already thinking of.

I wish you and DPS Asansol a very fruitful endeavour as it will only add to the development of my ward.

Regards

Anurabhas Bose

Father of Anyaroop Bose - Class - V
